OCTOBER 2020

Universal School

Health & Safety

The Erie County Department of Health has established drive-through sites for point-of-care testing to identify COVID cases in school settings in Erie County.

At this time, they will offer scheduled appointments available for Erie County residents who are symptomatic PK-12 students who attend in-person school settings and asymptomatic school employees. Results in most cases at these sites will be available in 15 minutes.

Please contact our COVID-19 point person, Zahir Lewis at (716)-597-0102 x 134 or email zlewis@myuniversalschool.org for further details.
